Department of Finance and Deregulation

Posted on 14 September 2011

Organisation

Department of Finance and Deregulation

Purpose

As a central agency of the Australian Government, the Department of Finance and Deregulation (Finance) plays an important role in assisting government across a wide range of policy areas to ensure its outcomes are met, particularly with regard to expenditure and financial management, deregulation reform and the operations of government.

Portfolio Budget Statements

Outcome 1:
Informed decisions on Government finances and continuous improvement in regulation making through: budgetary management and advice; transparent financial reporting; a robust financial framework; and best practice regulatory processes.

Outcome 2:
Improved Government administration and operations through, systems, policy and advice on: procurement; Commonwealth property management and construction; government enterprises; risk management; and application of information and communications technology.

Outcome 3:
Support for Parliamentarians, others with entitlements and organisations as approved by Government through the delivery of entitlements and targeted assistance.
